D sizing

This cut is suitable for a slimmer figure, too if you are looking for loose fit pants. There's enough room for wearing e.g. jeans underneath.

Reima Footwear (MM)

We want to make it easier for you to pick the right shoe size. Just measure your kid's feet, and choose the size in the table according to the foot length. We've already included room for growth and movement.

How to read the table:

The foot lengths in the table are given in x-x mm increments, so you can choose how much growth allowance you want to take into account. The movement allowance is always pre-calculated. This means that, for example, a range of 104-109 mm represents the growth allowance for that size. If the kid's foot length settles towards the end or at the last measurement (109mm), there is no more room for growth for this size. The size is still usable, but in this situation you may want to consider choosing shoes based on the next size up.

However, we would like to remind you that our size recommendations are always indicative. Every child's feet are individual and rapid growth spurts are possible.

Foot Length (MM)	EU size	UK size
104-109	18	2,5/3
110-113	19	3.5
114-119	20	4/4,5
120-126	21	5
127-132	22	5,5/6
