

Choosing the correct glove size

Hand cutter	6	7
Palm circumference (mm)	152	178
Hand length (mm)	160	171
Minimum glove length (mm)	220	230
Minimum glove length (inches)	8½	9
Palm circumference (inches)	6"	7"
Hand length (inches)	6-6½	6½-7
Glove size	XS 6	S 7
U-Power cuff colour code		

HOW DO I MEASURE MY HAND CORRECTLY?

Hand size may vary slightly depending on temperature or activity, so it is advisable to take the measurement **in a rela moment**. How? Follow these steps:

1. Hold your hand open but relaxed, **without squeezing**.
2. Wrap a tape measure around your palm, at the height of your knuckles (excluding your thumb), to measure your **circumference**.
3. Then measure the **length of** the hand: from the wrist to the tip of the middle finger, using a ruler or a rigid tape measure.
4. Repeat both measurements for each hand and **consider the larger values**.
5. Compare the measurements **with the size chart below** to find the most suitable glove.

	8	9	10	11
	203	229	254	279
	182	192	204	215
	240	250	260	270
	9½	9½-10	10-10½	10½-11
	8"	9"	10"	11"
	7-7½	7½	8	8½
	M 8	L 9	XL 10	XXL 11
