

GARMIN NAVIONICS+™ AND GARMIN NAVIONICS VISION+™ CARTOGRAPHY

NEW PRODUCT
ANNOUNCEMENT

PRODUCT OVERVIEW:

You've never seen Garmin cartography like this before. Introducing the next generation of cartography for Garmin marine devices. Our standard Garmin Navionics+ and premium Garmin Navionics Vision+ products offer the following:

- Integrated coastal and inland chart content
- One-year subscription to daily updates
- New color palette for a Navionics® style appearance
- Advanced Auto Guidance+™ technology¹, which offers faster route calculation times and improved routing detail over Auto Guidance technology
- Simplified coverage areas and pricing and more

Navigate with greater peace of mind and increased awareness with the No. 1 source of mapping² for your marine device. With Navionics cartography from Garmin, you can count on the name you know — even in the places you don't. Choose the standard product, or go premium for more features. They all include a one-year subscription with daily updates, so you can be sure to have our latest cartography when you're fishing or cruising.

Garmin Navionics+ and Garmin Navionics Vision+ coverage for North America is expected to be available on the 26th January 2022. Coverage for Europe is expected in March 2022, and coverage for the rest of the world in June 2022.

¹Auto Guidance+ technology is for planning purposes only and does not replace safe navigation operations

²Based on 2020 reported sales

GARMIN NAVIONICS+™ AND GARMIN NAVIONICS VISION+™ CARTOGRAPHY

NEW PRODUCT
ANNOUNCEMENT

GARMIN NAVIONICS+

Plot your paradise — with the best, most up-to-date Garmin Navionics+ marine cartography on your compatible Garmin chartplotter. For offshore or inland waters, this all-in-one solution offers detail-rich integrated mapping of coastal features, lakes, rivers and more. It features shaded depth contours, advanced Auto Guidance+™ technology¹ and access to daily updates via the ActiveCaptain® app for the freshest chart data every time out. Combining the best features of Garmin and Navionics® automatic routing solutions, Auto Guidance+ gives the boater a suggested dock-to-dock path to follow through channels, inlets, marina entrances and more. Multiple shading options aid in shallow water navigation and make it easy to select depth ranges for the best fishing spots.

GARMIN NAVIONICS+ KEY FEATURES:

NEW	INTEGRATED CONTENT	Integrated Garmin and Navionics content for coastal and inland waters — with an updated color palette and Navionics style appearance — provides exceptional coverage, clarity and detail.
NEW	DAILY UPDATES	A one-year subscription that includes easy access to daily chart updates is available via the ActiveCaptain smart-device app.
NEW	AUTO GUIDANCE+	Built-in Auto Guidance+ technology ¹ uses your desired depth and overhead clearance, along with chart data and frequently traveled routes, to calculate a suggested path to follow from dock to dock.
	DEPTH RANGE SHADING	Depth range shading lets you select up to 10 colour-shaded options and view your target depths at a glance.
	0.5 M CONTOURS	For improved fishing and navigation, 0.5 m contours provide a more detailed depiction of bottom structure.
	SHALLOW WATER SHADING	To aid in navigation, the shallow water shading feature highlights depths up to a user-defined level.
	ACTIVECAPTAIN COMMUNITY	ActiveCaptain community content provides valuable POIs, recommendations and advice from boaters with first hand experience of the local environment.

¹Auto Guidance+ is for planning purposes only and does not replace safe navigation operations

GARMIN NAVIONICS+™ AND GARMIN NAVIONICS VISION+™ CARTOGRAPHY

NEW PRODUCT
ANNOUNCEMENT

GARMIN NAVIONICS VISION+

Plot your paradise — with the best, most up-to-date Garmin Navionics Vision+ premium marine cartography. For offshore or inland waters, this all-in-one solution offers premier-grade chart features, including detail-rich integrated mapping of coastal features, lakes, rivers and more. It features relief shading, 3D views, satellite imagery, advanced Auto Guidance+™ technology¹ and access to daily updates via the ActiveCaptain® app for the freshest chart data every time out. Combining the best features of Garmin and Navionics® automatic routing solutions, Auto Guidance+ gives the boater a suggested dock-to-dock path to follow through channels, inlets, marina entrances and more. Multiple shading options aid in shallow water navigation and make it easy to select depth ranges for the best fishing spots.

GARMIN NAVIONICS VISION+ KEY FEATURES:

NEW	INTEGRATED CONTENT	Integrated Garmin and Navionics content — with an updated color palette and Navionics style appearance provides — exceptional coverage, clarity and detail.
NEW	DAILY UPDATES	A one-year subscription including easy access to daily chart updates is available via the ActiveCaptain smart-device app.
NEW	AUTO GUIDANCE+	Built-in Auto Guidance+ technology ¹ uses your desired depth and overhead clearance, along with chart data and frequently traveled routes, to calculate a suggested path to follow from dock to dock.
	0.5 M CONTOURS	For improved fishing and navigation, 0.5 m contours provide a more detailed depiction of bottom structure.
	RELIEF SHADING	The relief shading feature combines color and shadow to give you an easy-to-interpret, clearer view of bottom structure than contour lines alone.
IMPROVED	HIGH-RESOLUTION SATELLITE IMAGERY	High-resolution satellite imagery overlaid with navigational charts gives you a realistic view of your surroundings — ideal for entering unfamiliar harbors or ports.
IMPROVED	AERIAL PHOTOGRAPHY	Aerial photography of ports, bridges, docks, navigational landmarks and more provides a better sense of your surroundings above the waterline.
IMPROVED	3D VIEWS	Unique 3D views, such as MarinerEye and FishEye, provide additional perspective both above and below the waterline.
	DEPTH RANGE SHADING	Depth range shading lets you select up to 10 color-shaded options and view your target depths at a glance.
	SHALLOW WATER SHADING	To aid in navigation, the shallow water shading feature highlights depths up to a user-defined level.
	ACTIVECAPTAIN COMMUNITY	ActiveCaptain community content provides valuable POIs, recommendations and advice from boaters with firsthand experience of the local environment.

Note: When you purchase a new Garmin Navionics+ or Garmin Navionics Vision+ cartography product, a one-year subscription is included. The subscription includes access to daily chart updates and download of additional content such as premium features (relief shading and high-resolution satellite imagery) where available. Charts and features that are downloaded during the subscription period remain on the card, but no additional content can be downloaded after the subscription expires.

For preprogrammed charts bought in-store or online, the subscription needs to be activated. When the year is over, you can renew to continue accessing daily updates and premium features.

Garmin Navionics+ or Garmin Navionics Vision+ cartography requires that your compatible chartplotter software is updated to the January 2022 software release, which is conveniently preprogrammed on the cartography cards. The software is also available for download from the ActiveCaptain app or via Garmin Express™ software.

ACTIVECAPTAIN® APP:

All-in-one App for the Ultimate Connected Boating Experience

Make sure your customers download and use the ActiveCaptain mobile app to access daily chart updates, download additional content or premium features included with their Garmin Navionics+ or Garmin Navionics Vision+ cartography, and maximize their marine hardware. Designed specifically for Garmin users, the ActiveCaptain app provides features and benefits ranging from chart access and updates across Garmin devices to wireless software updates and user data transfers. The dynamic ActiveCaptain Community data provides up-to-date feedback on marinas, boat ramps, and other points of interest. The app is available for both Apple® and Android™ devices. [Click here for more information.](#)
