

APPROACH® S44 AND APPROACH® S50

GPS GOLF SMARTWATCHES

PRODUCT OVERVIEW

We've got your game with Approach S44 and Approach S50, the GPS golf watches that give you what you need on the course and beyond. The slim, lightweight golf watches feature a bright 1.2" AMOLED display that makes it easy to see key yardages to the green, hazards and doglegs on 43,000+ preloaded courses worldwide.

Line up your shot, even if you can't see the green, with PinPointer. Keep score from the watch itself, and upload directly to the Garmin Golf™ smartphone app for advanced stat tracking and handicap calculation. Leave your phone in the cart — and still get smart notifications to your watch when paired with your compatible smartphone.

With the Approach S50, you'll get even more with PlaysLike Distance of each shot with adjusted yardage for elevation changes. Off the course, be comfortable with the ComfortFit nylon strap and stay on top of your health with activity profiles for strength, yoga, running and much more — plus heart rate and advanced sleep monitoring (data presented is intended to be a close estimation of metrics tracked).

KEY FEATURES

FOR APPROACH S44 AND APPROACH S50

COLOURFUL AND CAPABLE

The stunning 1.2-inch AMOLED touchscreen display makes it easy to see key yardages to the green, hazards and layups on the colourful course maps.

PLAN YOUR SHOT

Get distance to the front, middle and back of the green. Plus, use hazard view to navigate bunkers and PinPointer feature to see the direction of the pin.

43,000+ PRELOADED COURSES

Your watch comes preloaded with more than 43,000 colour maps of golf courses around the world.

TRACK YOUR CLUBS

Pair with optional Approach® CT1 or Approach® CT10 club trackers (sold separately) for shot-tracking capabilities so you have a clearer picture of which parts of your game to focus on.

KEEP SCORE

Easily keep score as you play, and upload to the Garmin Golf™ app for advanced stat tracking and handicap calculation.

STAY CONNECTED

Get smart notifications on your watch, including emails, texts and alerts when paired with your [iPhone®](#) or [Android™](#) smartphone. Plus, use the sunrise and sunset widget so you know the best time of the day to play.

BATTERY LIFE

Get up to 15 hours of battery life in GPS mode, or up to 10 days in smartwatch mode
